Pistolseed 2-Day Shooting Clinic

Sept 28 & 29; Dec 28 & 29

Our pistol clinics cover the gamut of pistol marksmanship and defensive techniques. Your morning will begin with safety and safe handling of a firearm. From there you learn things such as the natural point of aim and what are those six steps to firing a shot. As your day progresses you will start learning how to shrink your groups and eventually how to fire rapidly and accurately. By the end of day one you will be placing 10 rounds from two separate mags into a target in under 15 seconds. Oh, if that is not tough enough for you we will also be doing drills on multiple targets with 10 rounds from two mags in 15 seconds. Do you know how to shoot both left and right-handed? If not, we will teach you.

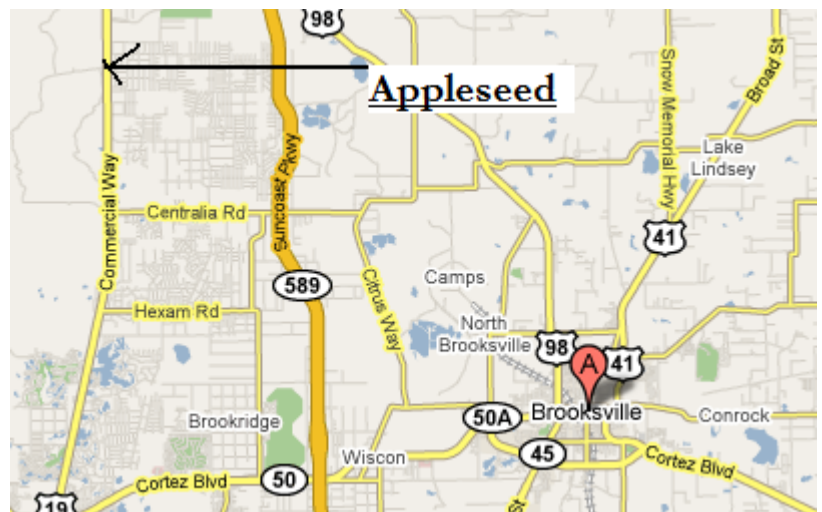

Did I mention history? It would not be an Appleseed without history. We will discuss the detailed events of April 19, 1775, the day the American Revolutionary war started. What role did pistols play that day and how did we get to the role that pistols play today?

Directions: The range is located approx. 9.5 miles north of SR 50 on Highway 19. Look for the Chassahowitzka Wildlife Management sign.
